Angus Mental Health Association is a voluntary organisation and registered charity that has been operating in Angus since 1991. To raise much-needed funds to improve our services we have launched a fund raising lottery. We need local support from the people of Angus, and your friends and families, for the people of Angus.

**One in Four of us will experience a mental health problem at some point in our lives.**  
*Maybe smaller prizes than a national lottery but more chance of winning and no middlemen or women getting rich!!*

**For as little as £2 a month you could be a winner! (see over for details)**  
**You must be over 16 years of age**
